SYSTEM EXTREME

From ART DENTAL

maximum security for your doors

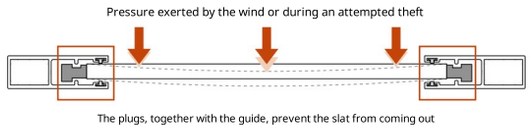

NEW MODELS

SYSTEM EXTREME

Our **EXTREME** security system is particularly suitable for areas where extra security is required due to high rates of burglary or extreme weather conditions, withstanding hurricane-force winds of over 300 km/h.

Compatible with VS-150, VS-300, Segur EC-60 and V-100 slats, the Extreme system comprises a special end cap and guide that provide extra strength and security to the entire door assembly.

- **Extreme security; the VS-150 and VS-300 systems are also self-locking.**
- **Capable of withstanding winds exceeding** 300 km/h **(VS-150 Block-60.**
- **Reduces the amount payable on your home or building insurance premium.**

WINDS EXCEEDING: MÁS DE
300 km/h m/h

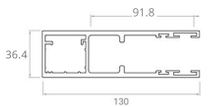

Maximum dimensions
Maximum dimensions / Components

BLADE	Maximum width	Wind resistance	Maximum width	Wind resistance
VS-150	**4.25 m**	**Class 5+ (4,478 Pa)**	6.50 m	Class 5
VS-300	**5.00 m**	**Class 5+ (2,839 Pa)**	8.00 m	Class 5
V-100	**4.00 m**	**Class 5+ (2,893 Pa)**	7.00 m	Class 5
EX-60	**2.50 m**	**Class 5+ (4,106 Pa)**	4.25 m	Class 5
